*Embark on a culinary adventure in a setting inspired by imagination*

Imagine hosting an extraordinary *rehearsal* or *vow renewal* dinner party in the heart of Disneyland Park, in a private residence once envisioned by Walt and Lillian Disney as a secluded family retreat and a luxurious oasis in which to host celebrities and dignitaries.

On the evening of your 21 Royal experience, your guests will arrive at the majestic Disney's Grand Californian Hotel & Spa, where they will be greeted by the hotel's valets. Once your entire party has assembled, they will be given a VIP escort to the site of the evening's festivities.

Legendary Disney service is on display from the moment your guests are welcomed by the 21 Royal staff. First, signature cocktails are served by professional butlers in the salon, then everyone is invited out to the patio for a casual reception. You and your guests will also have time to explore the different rooms—and discover some of their more magical features.

Then it's time for dinner. You and your guests take your seats around a lavish table covered in white linens, fresh flowers and set with gold-plated dinnerware and fine crystal. This is when the evening's adventure really begins—as a fascinating tale unfolds told through fine food and drink, making for a unique and truly magical fine dining experience.

In true Disney fashion, you can end your evening with a grand finale—dessert on the private balcony, where you and your guests are treated to a spectacular view of the Rivers of America, and on certain nights, prime viewing of the park's nighttime entertainment.
